## SSC student killed in head-on collision

BY AMY PICKICH  
St. Stanislaus sophomore Eric J. Crisler, 15, of Diamondhead died Sunday after a head-on collision on Highway 603,

Eric Crisler

according to Highway Patrol Sgt. Hershel Ladner. The accident occurred about 1/10th of a mile north of Longfellow Road.

Ladner said Crisler, who was headed south on 603 in a 1990 Dodge, crossed into the northbound lane and collided into a 1993 Cougar, driven by Ranelle Plaisance of Mary Esther, Fla.

Plaisance, a 34-year-old mother of two, was pronounced dead at the scene. Her daughters, Michelle, 11, and Lisa, 9, remain in guarded but stable condition at Oschner Medical Center in New Orleans, according to Ladner.

Ladner said no charges were filed and there were no indications that alcohol was involved.

"For some unknown reason Crisler lost control and his vehicle crossed into the northbound lane," Ladner said.

Crisler was thrown to the

west side of 603 from his vehicle, which went into a spin. Plaisance and her daughters were pinned in their vehicle, which landed upside down in a ditch.

No one involved was wearing a seatbelt.

SSC campus minister J.B. Pike, who taught Crisler for two years, remembered him as a "very gifted and talented student who excelled in art and writing."

"Eric had a sparkle in his eyes. He was attentive and bright and looked at things from all sides...The boys really liked him," said Pike.

The sophomore class will attend a Mass of Resurrection at Our Lady of the Gulf Church. On Friday morning at 9 the entire school will meet for a prayer service in the resource center, where a vigil candle burns in memory of their fellow student.

## Birthday magic

Bay St. Louis casino turns one

BY LIZ HAAS

The three-day celebration of Casino Magic's one year anniversary culminates tonight, exactly one year since opening, with a fireworks display at 8:30 p.m. and a live performance by the legendary Fats Domino at 9 p.m.

"We are thrilled to death that we chose Bay St. Louis, and feel we made the number one choice in opening a premier destination resort in the South," said Len James Giacone, director of public relations.

On Tuesday, the casino hosted the Larry Holmes-Jose Ribalta fight. Wednesday featured a performance by The Platters.

In addition, they have cash giveaways all three days including a chance to win \$1,000,000 and a new car.

Giacone said, "We have been very pleased with business from the day we opened. It has been much better than we anticipated, and the response from the public has been great."

The 125,000-square-foot complex houses gaming machines and tables and three restaurants. When it opened last year, the casino owned 350 acres. They now own 530 acres, and employment is at 2,200.

Casino Magic Corp. opened Casino Magic, Biloxi, in early summer.

The casino has an average of 90 charter flights a month coming into both locations, Bay St. Louis and Biloxi.

"Right now, most of the flights come and go in the

same day; but eventually, we hope to have the people stay over for a couple of days," said Giacone.

For fine dining at the casino, Torgy's Steakhouse recently opened on the second floor.

"This is upscale fine dining specializing in steaks," said Giacone.

The casino recently opened its RV park with over 100 sites. Plans are being finalized for a 1,500-room hotel, an

entertainment complex and an Arnold Palmer Golf Course.

"A lot is still in the planning stages. We had hoped to start construction of the hotel by now, but this requires a lot of planning, and we want to do it right because errors can be costly," said Giacone.

"We are looking at 6-8 years of continuous building projects," he said.

## Calling all recyclers

Chamber sponsors phone book recycling drive

BY AMY PICKICH

The Hancock County Chamber of Commerce has set its annual telephone directory recycling drive to coincide with a coast-wide effort for the month of October.

Chamber director Cindy Vernon said through the generous support of area merchants, more than \$10,000 in cash prizes are available for schools competing in the drive.

Vernon said all public and private schools in Hancock County have registered, but all schools on the Gulf Coast can participate. She said all schools are guaranteed prizes according to their level of participation.

"We would also like to involve the area

schools in a competition to collect phone books and earn money while providing a lesson in environmental conservation," Vernon said.

Two drop-off points include a location at the chamber and at the Diamondhead Plaza Shopping Center. Curbside pickups are also available in Bay St. Louis and Diamondhead.

Vernon said the drive has expanded considerably as last year's collection of 67 tons coast-wide was more than double the 32 ton goal. Some 4.5 tons were collected in Hancock County alone.

Contact the Hancock County Chamber of Commerce at 467-9048 for more information.

## Committee to study courthouse relocation

BY AMY PICKICH

Hancock supervisors appointed a committee on Tuesday to study the feasibility of upgrading or relocating the county courthouse.

The Hancock County grand jury seated in July urged the board to take action on the appointments as suggested by a previous jury.

Those appointed included Terry Guenard, Judy Ladner, Cornelius Ladner, Lee Klein, Yvonne Ladner, Paul Vegas, Raymond Ellis, Eius Depreo, Dave McDonald and Steve Benvenuti. These citizens will join local officials to make recommendations regarding the overcrowded courthouse.

Supervisors amended the 1993-94 budget to reduce the Hancock County School Board's millage by 1 mill. They also adopted a resolution allowing the tax office to make the necessary changes.

For the record, the board acknowledged a tax exemption request by Power Dynamics, Inc. until formal actions are taken by the company.

Port and Harbor Commission director Buz Olsen said the new

## Truckers protest change in Waveland ordinance

BY LIZ HAAS

Truckers C.W. and Lisa Parker plan to stop the Waveland Board of Aldermen from approving changes in an ordinance that will prohibit parking or storing a tractor trailer or other heavy-duty equipment in residential areas.

The change to the ordinance was approved Monday by the Waveland Planning and Zoning Commission. The recommended change will go before the board of aldermen October

5. "We are going to go farther with this. I hope I can get enough support between now and then to stop the aldermen from passing the changes," said Lisa Parker.

"The ordinance, which allowed one commercial vehicle on residential property, was too broad," said Keith Mitchell, city code officer.

"It was our belief that was the

**Message of the Blessed Virgin Mary**  
 Sept. 25, 1993  
 (Medjugorje, Bosnia-Herzegovina)

Dear Children,  
 I am your Mother and I invite you to come closer to God through prayer, because only He is your peace, your Savior. Therefore, little children, do not seek comfort in material things; rather, seek God.

I am praying for you and I intercede before God for each individual. I am looking for your prayers, that you accept me and accept my messages as in the first days of the apparitions. And only then, when you open your hearts and pray, will miracles happen.

Thank you for having responded to my call.

### In Memoriam

Be ever mindful of our love for you.  
 Let us not forget the times you've seen us through everyday trials and tribulations.  
 Safeguard us from all evil  
 Sanctify us through prayer  
 Enable us to understand these difficult times.  
 Deliver us from all of these temptations.  
 Mary, Mother of Jesus, merciful and forgiving.  
 Open your hearts to her  
 Thank her for your bountiful blessings.  
 Hear her plea for prayers of peace  
 Each and every day.  
 Reach out to her and pray — just one Rosary a day.

intent of the code, but what it boiled down to was that we have to specify the ordinance," he said.

The ordinance excluded the parking of 18-wheelers and heavy equipment in residential areas.

The matter was the source of complaints from neighbors of the Parkers over the past year, according to Mitchell.

"We have had a year's worth of events trying to remedy the situation to the satisfaction of many residents of the area," he said.

The Parkers live on the corner of Old Spanish Trail and Nicholson Avenue.

Mitchell said from time to time, they have parked a front-end loader, an 18-wheel container trailer, an 18-wheeler with cab and dump body and miscellaneous other equipment in their yard.

"People are appalled at the way I was treated at the hearing. People were attacking me personally, which overwhelmed and frightened me," said Parker.

"All my neighbors, about 25 people who live around me, are in support of my keeping it here and have signed a petition stating so," said Parker.

She said, "I brought one neighbor with me to the hearing. Had I known it was necessary, I would have gotten all of them to come."

"It is clear to me that this was a done deal before I got there," she said.

### Blessing of animals at BCE mass

## ST. ANN AND ST. JOHN NEWS

Thoughts for meditation:  
 The blue of heaven is larger than the darkness of the clouds.  
 In your hearts set apart Christ as Lord. Always be prepared to give an answer to everyone who asks you to give the reason for the hope you have. But do this with gentleness and respect.

I Peter 3:15  
 Do not be anxious about anything, but in everything by prayer and petition, with thanksgiving, present your requests to God. And the peace of God, which transcends all understanding, will guard your hearts and minds in Christ Jesus. Finally, brothers, whatever is true, whatever is noble, whatever is right, whatever is pure, whatever is lovely, whatever is admirable — if anything is excellent or praiseworthy — think of such things.

Philippians 4:6  
 Even the sparrow has found a home, and the swallow a nest for herself where she may have her young — a place near Your altar, O Lord Almighty, my King and my God. Blessed are those who dwell in Your house; they are ever praising You. Blessed are those whose strength is in You.

hydraulics plant, to be located in Hancock County, would provide eight jobs now and more in the future.

The board also accepted a one-year agreement with the Port & Harbor Commission for a part-time planner from Gulf Regional Planning Commission.

The supervisors will contribute \$15,000, while the commission will contribute \$2,000 and provide office space.

Geraldine Lang requested the county move stored equipment from the old welfare building which was leased by the Save Our Children organization to provide community services.

Lang also requested the board help maintain the building. "When we gave you the building, we were under the impression you had volunteers to help you upkeep it," Mike Ladner said.

Lang said she would approach the board later for help and to consider the matter.

The board took under advisement the Port and Harbor Commission's request to clean the ditches at Port Bienville until they are able to catch up with other work to be done in the county.

County engineer Larry Seal told the board he had restriping plans ready for 35.5 miles of Hancock County.

Roads to be striped included Rocky Hill, Standard-Dedeaux, Lower Bay, Preacher-Powell, Dummyline, Kiln-Picayune and Lakeshore.

Supervisor Alton Kellar discussed the status of the board's requested endorsements for Miss. Landing. He said the Chamber of Commerce was the only one who sent an endorsement to the Gaming Commission.

"The people in Bay St. Louis got about an 85% reduction in taxes. The people in the county haven't gotten any reduction. I think that we've got a chance to reduce county taxes with the casino," Kellar said.

In other matters, the board accepted:

—Sheriff Ronnie Peterson's request to employ Bruce Procopus and Timothy Broder as full-time patrol officers; Phillip Johnson, Harold Hirsh, Robert Young and Sid Davis as full-time correctional officers; and Glen Holcomb, who was rehired;

—the lowest bid for hot bituminous pavement from Bond Paving Co. The cost will range from \$33 to \$35 per ton throughout the county;

—the employment of Bryan Strickland as a mechanic in the road department.

The board adjourned until October 4.

## GE Plastics/JE Merit UW campaign tops goal at 230%

BY ELLIS CUEVAS

The 1993 United Way's GE Plastics/JE Merit fund-raising campaign was a tremendous success, according to coordinator Toni Larroux.

"We are excited about the fact that we have reached our goal and really more than doubled it," Larroux said Tuesday.

The goal for GE Plastics/JE Merit was \$7,000 for the campaign which ran Sept. 15-24. A total of \$16,114 was raised, mostly in payroll deductions. The amount represents 109 pledges.

Larroux said, "Our team

effort was phenomenal, and the 230% of our goal is something for all of us to be very proud of, as we know the United Way helps so many."

The goal for the 1992 campaign was \$5,500 for GE Plastics/JE Merit employees.

Steve Grover, GE plant manager said, "Our site campaign results continue to show support and belief in United Way and the local agencies it supports."

The local campaign does not include a Foundation gift which GE Plastics will present to the United Way of South Mississippi at a later date.

During 1992 the GE Foundation gift was over \$25 million nationwide. As a result, GE continues to be one of the largest corporate givers to the United Way.

Terri Mayne was the JE Merit coordinator for the campaign.

The United Way of South Mississippi serves some 49 agencies in Hancock, Harrison and Pearl River counties.

The 1993 campaign goal is \$1 million with Dennis Dollar as the overall chairman. Clay Wagner, Hancock Bank loan officer, is the Hancock campaign chairman.

## Cochran's mobile office plans stop

## "QUOTABLE QUOTES"

By Ellis C. Cuevas

Bay High's Tigers will be celebrating homecoming this week and play host to the St. Martin Yellow Jackets in high school football.

Hancock High's Hawks will be journeying to Long Beach to tangle with the Bearcats.

The Rock-A-Chaws of St. Stanislaus will journey to visit the d'Iberville Warriors Friday night.

The Tigers last Friday fell victim to a strong East Central squad by a 34-14 score. The game was a lot closer than the score.

Tiger head coach Rocky Gaudin's squad should be ready for St. Martin, another strong team on their schedule in District Eight 4-A.

Homecoming festivities should help the Tigers along with good fan support at the game, and the Tigers could register another victory.

The Hawks of Hancock looked good last week in defeating a first time ever in its schedule, Slidell's North Shore, 20-18.

Long Beach appears to play exceptional ball whenever they face a team from Hancock County, so the Hawks will have to be at their best this week.

Irvin Favre, Hawk head mentor, should have his team ready for Friday's away-from-home game against the Bearcats.

Stanislaus will be trying to get into the win column when they tangle with an ever so powerful d'Iberville Warrior eleven.

Things looked good last week as the Rocks jumped out to a two-touchdown lead against Pass Christian before the Pirates edged them by a field goal.

Stanislaus will need a flawless game, as well as several breaks, to bring a victory home from d'Iberville.

In football, who knows, head coach Kenny Lyons and his Rocks could pull a big upset.

The Tigers, Hawks and Rocks need your support Friday night, and I am hoping the stands will be filled with supporters in each game.

See you at the game.

Hancock County last year participated to a degree in the Mississippi Gulf Coast Telephone Book Recycling Drive.

There was one site located at the chamber's office to collect the old telephone directories, and 4.5 tons were collected.

The program expands this year with a second collection point added at the Diamondhead Plaza Shopping Center, curbside collecting in Bay St. Louis and Diamondhead, and also area schools are being urged to participate.

Through corporate sponsors, a fund has been established to be awarded to participating schools according to their level of participation.

The Telephone Book Recycling kickoff is set for 2 p.m., Monday, Oct. 4 in the South Parking Lot of the Mississippi Coast Coliseum.

In addition to Harrison and Jackson counties, a number of Hancock County businesses and governmental agencies are sponsoring the recycling drive.

Further information can be obtained from the Hancock Chamber office, 412 Highway 90, Colonial Plaza, Bay St. Louis, or call 467-9048.

You can help by participating and in doing so save space in our land fills and at the same time let trees remain in our forests for future generations.

The arrival of the cool front on Tuesday was welcomed by many Hancock Countians.

It was so good to breathe the fresh crisp cool air along with a low humidity. It seemed everyone was walking a bit faster at the Hancock Walking Track Tuesday and Wednesday mornings.

We can use a few more crisp days, and I hope we will have them before the cold of winter arrives. Weather forecasters indicate the hot weather will be back by the weekend.

It is Food Festival time once again for Our Lady Academy on Friday, Saturday and Sunday.

This will mark the 11th Annual OLA International Food Fest and will represent food specialties from across the world.

Theme for the Food Fest is, "Serving The World's Finest Foods."

The festival appears to get better each year and I really enjoy trying the various foods.

If you enjoy American, Oriental, Cajun, Italian, Greek, Western, German, Seafoods and Desserts, the festival is the place to go.

Featured this year will be Chappy's Cajun foods.

There will also be arts and crafts booths and even coffee and beignets starting at 7 a.m. in the mornings.

The big fish dinner starts at 5:30 p.m. Friday followed by a dance to the Expressions.

On Saturday, the festival hours are from noon until 11 p.m., and there will be a 5K Fun Run at 9 a.m.

Sunday's events are from noon until 8 p.m., and each day there will be live entertainment.

Saturday has Fantasy, Elvis, Dr. Rock and others, and on Sunday, Cross Fire and others will entertain.

Sounds like a fun time for the three days, and the festival will be held at 222 S. Beach Blvd., Bay St. Louis next to Our Lady of the Gulf Catholic Church.

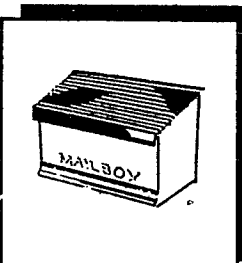

See you at the festival's food booths.

The Clifton Hotel was a popular resort in Bay St. Louis at the turn of the century. It was only a few minutes from the L&N Depot as vacationers were taxed in wagons to the hotel. ## LETTERS TO THE EDITOR

### Help the Police Dept. and it will help you

Dear Editor,

I read your paper this morning and I was very confused by your article about "The Corner." I understand the neighbors wanting it cleaned up, but what I don't understand is how they want to have it both ways.

About six weeks ago your paper was full of stories about the police doing their job when they were called about a fight and disturbance on Sycamore Street.

Police were abused and taxpayer-funded equipment was damaged at a cost to all of us.

When all the meetings were going on and the police were being blamed for acting too quickly, where were those who are complaining now? You have

to be consistent. You can't have it both ways.

Back up your police, and these men and women who risk their lives every day will work to protect you.

Don't call and hang up. You can give them vital information, so when they enter the area they have an idea of what to expect.

If you act as a group and you stand together, you can get your neighborhood back. Keep the police informed; be their eyes, they can't see or know what goes on 24 hours a day. They need your help.

Good luck, and I wish you well. Just remember, you can't have it both ways.

Lucille Wilkerson  
Bay St. Louis

### Bay High field should be available for use

To the Editor,

We are writing regarding the fact that Bay-Waveland School District Superintendent Paul Tisdale will not allow Bay Youth Football to use the Tiger field for games. They claim these smaller children are tearing up the larger boys' field.

As taxpaying parents, we are under the impression that public school property belongs to the taxpaying public. We have been told that the seventh and eighth grade teams who attend the same school are not allowed to use the field.

Bay High coaches are invited to our banquets to recruit potential players and to motivate our youth to stay in football and off the streets, so that one

day they may play for them.

This year we would be proud and honored if coaches and players alike from St. Stanislaus would attend our banquets, as they have most generously provided us with a field to play on.

Sincerely,

The Parents of  
Bay Youth Football

### Enforced seat belt law could prevent needless tragedies

To the Editor,

Sunday afternoon, while many of us were getting ready to watch the Saints game and unbeknown to most of us until WLOX announced it at 5:30 P.M., a needless tragedy occurred one-tenth of a mile north of Longfellow Road on the notorious Hwy. 603 in Waveland.

The tragedy, a 15-year-old boy, and it is my understanding an honor role student at St. Stanislaus, and a 34-year-old mother of two lost their lives. This same accident also seriously injured the young woman's two children. According to the officer on the scene and a newspaper account, no one in either vehicle was wearing a seat belt!

Many states have already adopted a compulsory seat belt law with teeth in it; not just good intentions that cannot be enforced by our officers of the law who must witness first hand our incompetence in the form of a tragic accident of this type! Why must Mississippi be one of the few remaining states to wait in line for someone in our state legislature to take the necessary action that will ultimately save lives?

Our state legislators in Jack-

son must realize that the Mississippi Gulf Coast is no longer a rural area; it has grown substantially in population since 1980, and the traffic in just a few years has increased dramatically and around the clock.

I implore you, give our young teenagers a fighting chance to live. Raise the driving age to 16 on a learner's permit for one year. After a year of proven responsibility, then allow teenagers a full-fledged driver's license. That gives them more of a level playing field when it comes to maneuvering a one- or two-ton piece of steel at high rates of speed on our inadequate and overcrowded roads.

Finally, how many more obituaries of young people must we endure before the seat belt "law" in this state is strictly enforced? Give our police officers the ability to save a life!

I have two boys, 13 and 14. I dread the day they become 15 and "old enough" to tackle one of the biggest challenges they will ever have in their entire lives... attempting to drive a motor vehicle responsibly and under the conditions mentioned above.

Hank Renken

### Railroad should inform public of operating procedures

Dear Editor,

The tragic accident of train, rail and bridge in Mobile awakened and alerted our friends and family of the following:

As I listened all day to the radio, I thought how little we know of the railroad system that binds us on all sides and what it transports. It is especially so for us who live between the tracks and the beach or those close to the beach.

We ask these questions: I believe the railroad owns the trains, bridges, tracks and the ground the tracks are on. Is the railroad responsible for the water under the bridges and the air it affects?

Does the railroad monitor itself?

Should the public be informed of what, when and how toxic, hazardous cargo is being transported so the public can take precautions and make decisions to protect themselves?

We have lived on the Coast for many years and have never seen a public notice in this regard in the paper or heard any information on radio or TV.

With the acceleration of freight trains, both in number and speed, the public affected has a right to know.

Sincerely,  
Yvonne Churchill Hasney  
Waveland

### Bring our servicemen home from Somalia

Dear Editor,

I watch and listen to ABC, CBS and NBC newscasts in the evening. The other night Democratic Senator Robert Byrd said it is time for all of our troops in Somalia to come home.

Scenes on TV of starving women and children led us to go there to see that food was delivered to these unfortunate people.

Now all we see on TV, is men

with Russian-made tanks and weapons, spitting on our flag, burning it, and killing our soldiers.

So fellow Americans, won't you join me and write to the President c/o The White House, Washington, D.C. and demand that our servicemen be brought home alive and not in body bags.

Respectfully,  
Nina S. Garcia

## College Football Highlights

For Oct. 2

When the Fighting Irish of Notre Dame set foot in Stanford Stadium this Saturday, they'll be more interested in getting some revenge than they will in the fact that they have a decided statistical and historical advantage. In 1992 Stanford, the Pacific-10 runner-up, beat Notre Dame 33-16 in South Bend, Notre Dame's only loss. It was the fourth straight win for the visiting team in this series: the Irish won 42-26 in '91 in Palo Alto, the Cardinal won 36-31 in '90 in South Bend and N.D. was 10 points better in '89 in Palo Alto, 27-17. Even though Stanford got the best of Colorado at home two weeks ago, we're picking Notre Dame.

There are two big games between second-year division-mates still getting to know each other, though neither may be close. In the Atlantic Coast Conference, Florida State is at home against Georgia Tech, and Seminole coach Bobby Bowden no doubt is still reminding his troops that last year's how-do-you-do against the Yellow Jackets in Atlanta was, to his way of thinking, much too close, Florida State winning 29-24. Georgia Tech, after all, finished sixth in the Seminole-dominated ACC with a 5-6 record. This year Florida State should win by a lot.

In their second meeting in the Southeastern Conference, Alabama (in the West division) should have an easy time with South Carolina (a sophomore in the East). It won't be as big a blowout as last year, when the Crimson Tide cruised to a 48-7 win at home, but consider their first common opponent of '93, Arkansas. The Gamecocks lost to the Razorbacks by one, while Alabama handled Arkansas easily, 43-3.

In upstate New York, meanwhile, Syracuse hosts Big East rival Boston College. The Orangemen haven't lost to the Eagles since 1986—in fact, B.C. hasn't come within 17 points of Syracuse in their past three matchups. The Eagles' only hope is that the Orangemen are soft, having had only one tough game thus far, against Texas two weeks ago. But that 21-21 tie hurt, and on Saturday the hurt will be passed on to lucky B.C.

Through the first three weeks of the season we've picked 427 games right and 153 wrong for an average of .736.

## NFL Forecast for Sunday and Monday Oct. 3-4

**\*\*Buffalo, 26—N.Y. Giants, 21**

The last time these two teams met, the Bills began a forgettable streak: their 20-19 loss to the Giants in Tampa early in 1991 was the first of three (or more?) straight Super Bowl defeats.

**\*\*Chicago, 23—Atlanta, 19**

The Bears have won four straight over the Falcons dating back to 1985, including a 41-31 win last year, Chicago's biggest offensive day of the season. Both clubs are fading in their divisions.

**\*\*Dallas, 30—Green Bay, 27**

An important early game for both teams, who last met in '91, the Cowboys winning 20-17. Dallas will be fresh after a week off and probably mad as hell after spending it contemplating its 1-2 record.

**\*\*Denver, 21—Indianapolis, 14**

The most recent Broncos-Colts game was a 27-17 Denver win in '90. Anything can happen with Indianapolis, but only if the Colts were playing at home would we have the courage to pick an upset.

**Detroit, 20—\*\*Tampa Bay, 10**

Though they both had many more weaknesses than strengths in '92, the Lions won't be wallowing with the Buccaneers this year. The proof that they were moving up was a 38-7 late-season trouncing.

**\*\*Kansas City, 24—L.A. Raiders, 23**

Jeff Hostetler seems to be bringing the Raiders to life, which could mean even more trouble for the Chiefs than they had with L.A. in '92, losing 28-7 after winning 27-7. The AFC West is tight.

**New Orleans, 31—\*\*L.A. Rams, 17**

In winning their fifth and sixth straight over the Rams last season, the Saints took a close one, 13-10, then handled L.A. easily in December, 37-14, building a 37-0 lead by forcing six turnovers.

**Philadelphia, 28—\*\*N.Y. Jets, 21**

In their four games over the past 21 years, the Jets have yet to beat the Eagles. Sure, the Jets can beat the likes of New England, but this game may show whether their upset of Miami was a fluke.

**San Diego, 28—\*\*Seattle, 14**

The Chargers weren't exactly awesome in their opening 18-20 win over the Seahawks, needing six John Carney field goals. With all the new AFC West firepower, S.D. can't afford to let up here.

**\*\*San Francisco, 33—Minnesota, 27**

Driving toward the 49ers' end zone late in the game last December, the Vikings were stopped at S.F.'s 35 and lost a heartbreaker, 20-17. The 49ers have won five of the last six in this series.

**\*\*Washington, 27—\*\*Miami, 24**

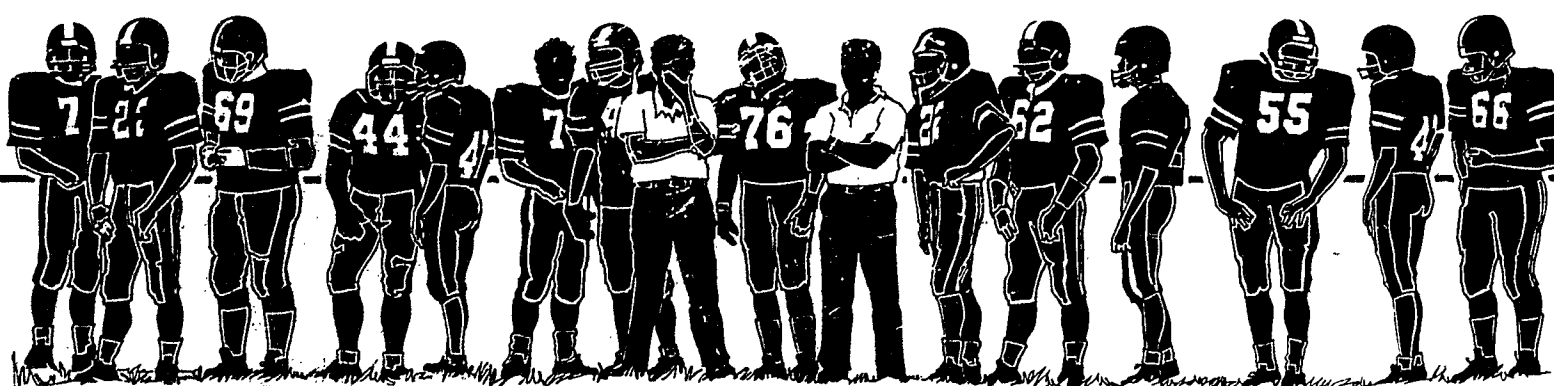

(Monday) A Redskins win would be something of an upset; this is the wrong time for Mark Rypien to be absent from the Washington lineup. The 'Skins were 42-20 winners the last time they met Miami, in '90.

## Recycle contest winners announced

GE Plastics sponsored a recycle contest for families and friends of site employees at the Port Bienville facility. The environmental department designed the contest to increase awareness of the importance of finding new ways to recycle or reuse items which are often discarded.

ness of GE Plastics environmental stewardship.

Community leaders and citizens, who attended the series of meetings, were invited to judge the contestants. Winners received gift certificates from Lydia's Audubon Shoppe or McDonald's.

Winners and winning entries were:

## MP grant funds Hancock kindergarten lofts

The kindergarten children at Hancock North Central Elementary anxiously await their turns to use newly constructed play lofts, built in each of the five kindergarten rooms this past summer.

The lofts were funded by a grant from The Mississippi Power Foundation and donations from last year's kinder-

garten circus performance.

The carpeted area provides an exciting and unique place for children to enjoy library books or just relax. Each loft also provides an opportunity for students to develop their basic movement skills, increase their awareness of space and direction and learn the importance of safety rules.

Kimberly Oliver, Kayla Farve and Derek Hughes of Linda Vayda's kindergarten class, enjoy the new loft.

## Necaise wins speech award

Micah Necaise, a senior at William Carey College in Hattiesburg, recently placed fifth in the nation in public speaking at the National Phi Beta Lambda conference in Washington D.C.

Micah is the son of Mike Necaise and Jo Ellen Necaise of Bay St. Louis. He is a finance/economics major at Carey and is

the School of Business representative for the Student Government Association, a member of Phi Beta Lambda, treasurer of the Xi Zeta Chapter, a Gamma Chi social club Big Brother, a Collegiate All-American-Academic and is a former WCC basketball Crusader.

## Free science experiment workshops planned

The Teacher Resource Center at NASA's John C. Stennis Space Center will offer two free workshops demonstrating easy science experiments in the areas of light and sound Oct. 5 and 6.

The Oct. 5 workshop is for teachers of kindergarten through grade three, while the

Oct. 6 workshop is for teachers of grades four through eight. Both are hands-on workshops designed to help teachers develop the natural scientist in each of their students by providing active inquiry into light and sound.

The workshops will focus on demonstrations and hands-on

activities which will involve constructing a kaleidoscope for light exploration and an oscilloscope for sound exploration. During another activity, the teachers will participate in the demonstration of a water prism.

Both workshops will be from 8:30 a.m. until 3 p.m. at SSC's Li'l Red Schoolhouse, recently

designated for use by NASA's Teacher Resource Center. Although the workshops are offered at no charge, reservations are required due to limited seating.

For a complete list of workshops or to make reservations for Oct. 5 or 6, call the Teacher Resource Center at (601) 688-3338.

## Big sister/big brother program starts at Bay High

Three hundred and thirty students from Bay High School and Bay Junior High School were paired Monday in big sister-little sister and big brother-little brother matches to start the program at the schools. The sets were paired according to interests. "Once they meet each other, they are encouraged to do things together," said Melissa Johnson of Bay High School, who coordinated the program. Activities planned for the group as a whole are a skating party and a Christmas party. Above R.S.V.P. volunteers Mary Lagarde, left, and Myrtle Lanaux help hand out name tags to the students. At left are big sister-little sister pair Kellie Murray, an eleventh grader, and Kelly Coffet, a seventh grader. This is the second year for the program. (Echo staff photos by Liz Haas)

## Pre-school program offered at YMCA

music, science, drama and nutrition and fitness. Also, snacks are provided.

"Little Critters Getaway" is every Monday, Wednesday and Friday from 8:30-11 a.m. Cost per child is \$20 a week for members, \$25 for non-members. Registration fees are \$15 for members and \$25 for non-members. More information on the program is available by calling 864-1223.
